

T10/2013

2nd December 2013

To all prospective bidders,

Ref. No. T10/2013 -Supply tender for the procurement of licences for a high availability firewall node

CLARIFICATION 1

Reference is made to the above-mentioned tender, for which the deadline for submission is on the 9th December 2013, at 10:00am

Hereunder, please find a clarification which is construed to form an integral part of the Tender Document.

Question 1: Can you kindly send us what is the current license that MEPA holds? This format usually comes as an SKU and contains the following

CPSG-PXXXi-CPSM-PXXXX where X are numbers

This is very important so the correct reporter and event license can be bundled with the current management license. There are two combinations of the SKU

CPSG-PXXX-CPSM-P203 : Then the reporter and event license that needs to be quoted for is the CPSB-EVS-C200-SOC with the respective Enterprise support

CPSG-PXXXi-CPSM-P1003 : Then the reporter and event license that needs to be quoted for is the CPSB-EVS-C1000 has to be quoted instead of CPSB-EVS-C200-SOC with the respective Enterprise support

Answer 1: Check Point Security bundle - including SG407i and SM1003 is:
CPSG-P407I-CPSM-P1003
